

Dear Prospective Community Partner

I'm pleased to introduce you to **Mentoring with Horses LLC (MWH)**, a Christ-centered equine-assisted mentoring organization based here in Greeneville and serving young people ages 12 & up.

Through our flagship **Discipleship with Horses (DWH)** program, we bring together horses, mentoring, experiential learning, and biblical principles to help young people strengthen essential life skills—including confidence, communication, trust, leadership, emotional awareness, healthier relationships, and sound decision-making.

As we look toward the future, we seek to develop relationships with local businesses and organizations that share an interest in investing in young people and strengthening our community.

Enclosed is our **MWH Community Partnership Prospectus**. It provides a brief introduction to who we are, what we do, and several ways organizations can become involved with MWH. These include youth sponsorships, program support, in-kind contributions, referrals, volunteer and service partnerships, and simply helping more families in our community become aware of the opportunities available through MWH.

Please know that I am not presenting this prospectus with the expectation that your organization make an immediate financial commitment. Rather, I hope it can begin a conversation. I would value the opportunity to learn more about your organization's community priorities, introduce you more personally to the mission of MWH, and explore whether there may be a meaningful and mutually beneficial way for us to work together.

If what you see in the enclosed prospectus resonates with you, I would be grateful for an opportunity to visit with you for a brief conversation at your convenience.

Thank you for taking the time to learn about Mentoring with Horses and for considering how we might work together to help build **stronger young people, healthier relationships, and brighter tomorrows** in our community.

With appreciation,

Victor Mathis, Executive Director
