

Spring & Fall, 2027

Dear Community Leader,

Would you help us connect a young person with an opportunity that could make a meaningful difference in his or her life?

Mentoring with Horses (MWH) is a local Christian organization serving teens and young adults through **Discipleship with Horses (DWH)**—a unique, biblically based program that combines equine assisted activities and experiential learning with practical life skills development and Christian discipleship.

Through mindfully facilitated hands-on interaction with horses, participants have opportunities to strengthen **confidence, trust, communication, leadership, emotional awareness, healthy relationships, sound decision-making, and other essential life skills** while discovering how many of God's relational truths—and even aspects of the heart of Jesus—can be beautifully reflected through their equine partners.

Our DWH program consists of **20 weekly small-group sessions for youths ages 12 and up**. Through the generosity of scholarship supporters, **these sessions, valued at \$50 each, are currently offered FREE of charge to participants while scholarship funding is available.**

We would greatly appreciate your help in sharing this opportunity with your community.

Enclosed is a **Discipleship with Horses program flyer**. Would you please consider **posting or displaying it in a visible location, sharing it with individuals or families who may benefit, or even distributing it through your organization's appropriate communication channels or network?** This DWH flyer is also readily available on our website as PDF and JPG files for ease of distribution electronically. You can visit **www.DiscipleshipWithHorses.com** for direct access.

Even simply placing this DWH flyer where the right teenager, young adult, parent, grandparent, teacher, counselor, employee, or family friend might see it could help connect someone with an experience that has the potential to encourage meaningful personal and spiritual growth.

Thank you for helping us reach those we may never be able to reach on our own. Your willingness to share this opportunity is deeply appreciated.

If you have questions or desire additional printed flyers, please call or text me at **(423) 268-4126**.

With sincere appreciation,

Victor Mathis, Executive Director
